**Subject:** Agenda and call-in information for Monday aquaculture call

Hello all,

Thanks for a productive call yesterday. Please call the following number this Monday, February 26 at 11 am **Eastern** time: 877-917-0464 passcode 248583#.

Agenda - Aquaculture call, Monday February 26

- Availability of papers cited in Nash *et al.* 2006<sup>§</sup>
- Individual assessment of how well the current draft of the Aquaculture amendment handles each writer's area of expertise, by section
- Discussion of which material and references can be deleted from the current draft
- Identification of writing needs and deadlines
- Discussion of criteria for siting aquaculture projects - We ultimately need acceptable ranges for various parameters (current, DO, etc.)
- Discussion of streamlining the permit application process by working with other agencies who may also permit aquaculture facilities such as the Corps. of Engineers, EPA, Fish and Wildlife Service, etc.
