Subject: Aquaculture Amendment - Summary of Changes

Wayne,

Per your request, below is a summary of changes to the Aquaculture Amendment since the November 20, 2007, draft. To reiterate, no substantive changes were made to the Council's list of actions or alternatives. The following changes were made to the document:

1. Information on the use of prey species for fishmeal was added (see Sections 5.2.3.4, 5.3.1.6, and 6.1.7)
2. Additional discussion and references regarding potential environmental impacts were included in both Sections 4.0 and 6.0.
3. Discussions in Sections 6.10 through 6.12 were revised and edited.
4. Page numbers were added for terms included in the Index Section 14.0).
5. Appendices for the NOAA 10-year Aquaculture Plan and Endangered Species were deleted.
6. Text from the Endangered Species Appendix was moved to existing sections in the document (see Sections 5.2.3.3 and 5.4.1.1)
